---	--	------------------------------	--

Dear Parents, we hope your summer is going well. As we transition into the new school year, we want to inform you of a small but important change regarding student backpacks during the school day.

To maximize space and create a more comfortable, safe, and distraction-free learning environment, especially within our portable classrooms, students will be required to leave their backpacks in their lockers during the school day. This will allow for greater movement and flexibility for both students and teachers throughout all core classes.

We recommend that each student bring a good sized pencil pouch to carry their daily essentials such as pens, pencils, highlighters, glue, scissors, tape, colored pencils or markers, and any other small supplies they need. This pouch will travel with them to each core class and ensure they are always prepared without the need for a full backpack.

Please rest assured that backpacks will be safely hung in their lockers and accessible before and after school, during lunch, and passing period times, or when students may need to access them.

Thank you for your understanding and support in helping us create a more efficient and focused classroom experience for all students. If you have any questions, feel free to reach out to the middle school team.

Blessings,  
The Middle School Team
